

School Accountability Report Card

Reported Using Data from the 2010-11 School Year

Published During 2011-12

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

EdData Partnership Web Site

EdData is a partnership of the CDE, EdSource, and the Fiscal Crisis Management and Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest webpage at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2010-11)

This section provides information about the school, its programs and its goals.

Principal's Message

It is the mission of Frazier Park School to provide positive learning experiences that empower all students to become successful, lifelong learners. Every child at Frazier Park School is treated as an individual with specific needs. We provide programs that help address those needs, such as Special Education, English language development, and speech therapy.

Each grade level has developed common formative assessments to measure student achievement of State Standards. Each student's progress toward those Standards is reflected in the Standards-based reports cards that were developed by the teaching staff to correlate with the California state grade level standards. This ensures that all students at Frazier Park School progress through each grade acquiring the necessary skills to matriculate to the next grade.

Opportunities for Parental Involvement (School Year 2010-11)

This section provides information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parent involvement.

Professional development throughout the El Tejon Unified School District is structured around the goals and objectives outlined in the school site's Single Plan for Student Achievement. Training and curriculum development revolves around the California Content Standards and frameworks, and is focused on student and teacher needs. For the previous three school years, two days were dedicated for staff development. During the 2010-11 school year, two staff development days were held, covering topics including:

- Differentiated Instruction
- Instructional Strategies for All Students
- Emergency Preparedness and Safe Schools

This year, the district's professional development focus will be on Data Analysis, Student Engagement, Analyzing and Increasing Rigor in Curriculum, and Formative Assessment to guide instruction.

Administrators have trained in Professional Learning Communities, and will guide teachers in working collaboratively on data analysis, improving student achievement, pacing calendars and grade level standards alignment.

The El Tejon Unified School District supports the efforts of all teachers—new and veteran—to gain the experience, knowledge and skills to be effective leaders in the classroom through a range of programs. Formative Assessment for California Teachers (FACT), a State-sponsored program, is designed for first and second year credentialed teachers and provides skills assistance and reflective practices that are implemented over a two-year period. All staff members— both certificated and classified—are encouraged to attend professional workshops and conferences. Opportunities for observations of best practices is promoted within the District, and at school sites outside of the District that are demonstrating success in closing the achievement gap for all students. New teachers, experienced teachers, teacher leaders, administrators, and support staff are encouraged to participate in workshops sponsored by the Kern County Superintendent of Schools Office, as well as continuing education opportunities offered through local colleges and universities.

III. School Climate

School Safety Plan (School Year 2010-11)

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

The School Safety Plan was last reviewed, updated, and discussed with the school faculty on November 14, 2008. The School Safety Plan addresses emergency responses to fire, earthquake, intruders on campus, and policies for student behavior and safety. Fire drills are conducted once a month, and drills for earthquake or intruders are conducted at least twice a year. Additionally, Frazier Park School and all schools in the El Tejon Unified School District now participate in a statewide emergency drill known as the "Great Shake Out."

Visitors to the campus are required to check into the office and wear visitor tags before going to a classroom; parent volunteers sign in and wear volunteer tags before going to the classroom; and, parents are required to come to the office to sign students out if they take them out of school before the close of the school day.

Parents may review the School Safety Plan online at www.eltejon.org, or in the school office during regular business hours.

IV. School Facilities

School Facility Conditions and Planned Improvements (School Year 2011-12)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- The year and month in which the data were collected
- Description of any needed maintenance to ensure good repair

Year and month in which data were collected: December 2011

Frazier Park School serves kindergarten through third grade. It was built in 1963, and has grown to include 19 regular education classrooms, one Special Education classroom, a speech pathologist/psychologist office, a computer lab, a library, a health office, a multipurpose cafeteria, a staff lounge, and a school office.

All rooms have cooling/heating systems; the heating/cooling system in the cafeteria was updated in 2003 to increase efficiency and effectiveness, as was the heating and lighting systems in many of the classrooms.

The custodial/maintenance staff consists of three part-time custodians, one part-time groundskeeper, and one part-time maintenance worker, whose hours are staggered throughout the school day, as well as before and after school hours. Two of the custodians are also part-time bus drivers for the school district.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The principal also works regularly with the custodial staff to develop cleaning schedules that ensure a clean and safe school.

Student safety on campus is important to us. There is always staff supervision on the playground 20 minutes before school begins in the morning, during all recesses, and in the cafeteria at lunchtime.

Staff supervision of bus loading and unloading before and after school is always provided.

In 2005, local voters approved Bond Measure E, which will replace portable buildings with fully equipped permanent classrooms.

Architectural planning and site preparation studies are currently in progress. Both bond and State matching funds will be used to accomplish these projects. It is anticipated that new classrooms will be built beginning in 2010.

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2009-10 school year, the District was unable to fund money for this program.

VII. Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2011-12)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: February 2012

The adoption of textbooks for Frazier Park School is based on the guidelines established by the California Department of Education (CDE). The CDE has a textbook adoption cycle of once every seven years for each subject. Each year, the CDE provides the District with a list of textbooks that are approved by the State. The teaching staff at Frazier Park School is provided with copies of those texts and previews them carefully. The staff then meets to discuss the merits of each publication submitted and chooses the textbook that will work best for the students at Frazier Park School. Every student, including English Learners, has access to their own textbooks and instructional materials, to use in class and to take home.

IX. Student Performance

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- California Standards Tests (CSTs), which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- California Modified Assessment (CMA), an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- California Alternate Performance Assessment (CAPA), includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Adequate Yearly Progress (AYP) webpage at <http://www.cde.ca.gov/ta/ac/ay/>.

Federal Intervention Program (School Year 2011-12)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

XI. Instructional Planning and Scheduling

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:

- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance data reporting, etc.)?

Professional development throughout the El Tejon Unified School District is structured around the goals and objectives outlined in the school site's Single Plan for Student Achievement. Training and curriculum development revolves around the California Content Standards and frameworks, and is focused on student and teacher needs. For the previous three school years, two days were dedicated for staff development. During the 2008-09 school year, two staff development days were held, covering topics including:

- Differentiated Instruction
- Instructional Strategies for All Students
- Emergency Preparedness and Safe Schools

This year, the district's professional development focus will be on Data Analysis, Student Engagement, Analyzing and Increasing Rigor in Curriculum, and Formative Assessment to guide instruction.

Administrators have trained in Professional Learning Communities, and will guide teachers in working collaboratively on data analysis, improving student achievement, pacing calendars and grade level standards alignment.

The El Tejon Unified School District supports the efforts of all teachers—new and veteran—to gain the experience, knowledge and skills to be effective leaders in the classroom through a range of programs. Formative Assessment for California Teachers (FACT), a State-sponsored program, is designed for first and second year credentialed teachers and provides skills assistance and reflective practices that are implemented over a two-year period. All staff members— both certificated and classified—are encouraged to attend professional workshops and conferences. Opportunities for observations of best practices is promoted within the District, and at school sites outside of the District that are demonstrating success in closing the achievement gap for all students. New teachers, experienced teachers, teacher leaders, administrators, and support staff are encouraged to participate in workshops sponsored by the Kern County Superintendent of Schools Office, as well as continuing education opportunities offered through local colleges and universities.
